Appreciation . . .

We, the members of the class of 1954, wish to sincerely thank all those who participated in the publication of this book. We especially want to extend our thanks to our advisors, Mr. Eshelman, Miss Fulginiti, and Mrs. Wiker for their assistance. We also want to thank our patrons and teachers as well as our photographers, Mr. Long and Mr. York and our publisher, Mr. Wolf.

Through their co-operation, our efforts have been fulfilled in making this book possible.

We Dedicate

We, the Class of 1954, dedicate this twelfth edition
of the Tanawan to our teacher, friend and
counsellor, Mrs. Sally B. Wiker.

BOARD OF EDUCATION

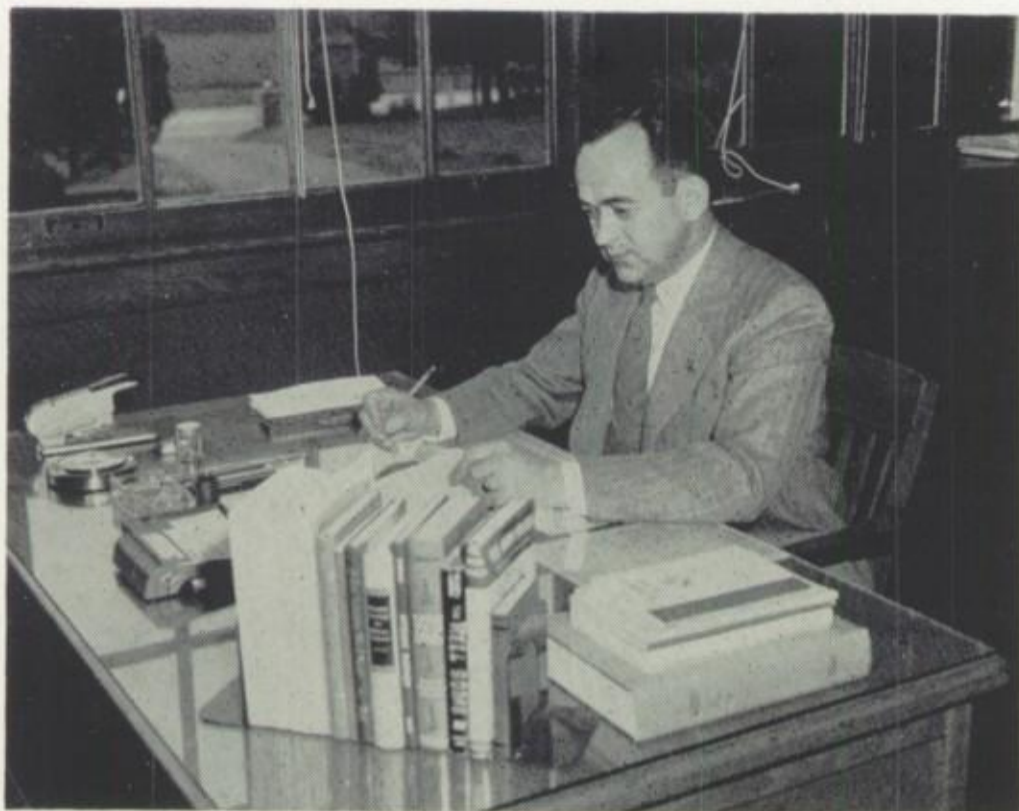

With a deep sense of satisfaction, we the Board of Education, are pleased to extend to each of you in the class of "54" our heartiest congratulations. You have completed the established course in our school system and we are confident that each of you will be able to find your place in this ever-changing world.

Paradise Township is rightly proud of the youth graduated from its High School. We can look with pride on the fine scholastic records attained by those of our Alumni who have entered various colleges in the past. It is difficult to enumerate or to sum up the vast accomplishments and high achievements of our graduates who have passed through these portals and have gone onward and upward to new heights of success. Nevertheless, it is easy enough to reason that because of them this community is a better place in which to live.

So, we trust that you, too will be able to go forth to meet the challenge that will confront you in this great day of opportunity. You have our best wishes for a happy and successful life.

BOARD OF EDUCATION

A Message from Our Supervising Principal

You, the members of the graduating class have reached an important milestone in your lives. This is an important time for you. It is an equally important time for your schoolmates, parents and friends. The interest of the whole community is centered around you, and rightly so, for the schools represent many times the largest investment and business in the area. They symbolize an investment in boys and girls.

To you is given a life to live, and a personality to fashion. You want to do your best to make the most of it. Many energies, powers and talents are at your command. What will you do to join that eager, joyous, expectant band of youth?

We hope your school has helped you to develop the talents which are yours and has helped you to recognize your own capabilities. It is our hope that you have been inspired to seek your goal to the best of your ability. A beckoning world awaits you. Examine well the path your feet would trod. Consider what high attainment your mind is capable of reaching. The reason many do not attain their desires is because they get tired reaching.

Steadied by the experiences of your parents and friends and guided by their counsel and care; equipped with the training of this school and clothed in the faith and trust of youth, with all the enthusiasm and the vigor that belongs to the young, may you go forth this commencement into a beckoning world and find therein all the happiness, all the success and the realization of all the dreams you have held these many years.

Have faith in God, in yourself and in the future. Congratulations and best wishes to you.

"If you can't be a pine on the top of the hill
Be a scrub in the valley, but be
The best little scrub by the side of the rill:
Be a bush if you can't be a tree.

We can't all be captains, some have to be crew.
There's something for all of us here.
There's work to be done, and we've all got to do
Our part in a way that's sincere.

If you can't be a highway, then just be a trail;
If you can't be a sun, be a star;
It isn't by size that you win or fail:
Be the best of whatever you are."

OUR CLASS

Seniors discuss the future in
Guidance Class.

History

1950-51

Our high school life began in 1950 with Mr. Edison W. Blevins as our advisor. For our freshman year we elected the following officers: President, David Benner; Vice-President, Robert Singer; Secretary, Doris Hershey; Treasurer, Phyllis Kurtz.

Some of the highlights of our first year included the purchasing of school rings and jackets, our party "The Freshman Frolic," and our trip to Hershey Park on the last day of school.

1951-52

Our second year in high school was spent with Mr. George Althouse serving as our advisor. As sophomores, we elected the following officers: President, Patsy Axe; Vice-President, Jack Deacon; Secretary, Doris Hershey; Treasurer, Phyllis Kurtz.

We sponsored a party, "The Big Inch" on February 29.

Again we completed the school year with a trip to Hershey Park.

AT WORK

Lab experiments are an important part of the chemistry course.

Left: The English class try compositions.

Below: Seniors go on an errand.

1952-53

Climbing toward the top, we spent our junior year with Mrs. Sally B. Wiker as homeroom teacher. For our third year we elected the following officers: President, Patsy Axe; Vice-President, David Benner; Secretary, Linda Hoffecker; Treasurer, Elizabeth Lefever. Crimson and gray were selected as our class colors. Pennants, emblems, hats, and class rings were purchased.

We held a dance after the Warwick basketball game. Our party, the main feature of which was a treasure hunt, was held on April 24. To further the funds in our treasury, a bake and soup sale was held. The Junior-Senior Reception, which was held at the Leola Memorial, highlighted the year.

A trip to Hershey closed our third high school year.

1953-54

In our senior year at Paradise High School, Mr. Arthur W. Eshelman and Mrs. Sally B. Wiker served as advisors. Officers for our final year were as follows: President, Patsy Axe; Vice-President, Norma Laderach; Secretary, Linda Hoffecker; Treasurer, Phyllis Kurtz.

During the year we sponsored two dances. "The Snow Ball" was held after the East Lampeter basketball game and after the New Holland game.

During the entire year, we worked toward publication of the Tanawan.

One of the outstanding memories of our last days at Paradise High is our three-day trip to Washington, D. C.

As our high school career is climaxed by Class Night, Baccalaureate, and Commencement, we go forth to take our place in the world.

CLASS PROPHECY

As the sun slipped over the hill, and "red sails" began to form, I gazed with awe up into the rapturous heavens. The crickets started singing their night songs; the world was at peace — then was when it happened! A piercing blue ray led to a hazy screen, which, as I watched, slowly faded until a beautiful flowering land of friendly, happy, people appeared. It is 1964!

The gaiety of this suddenly passed, and faded into practically nothing, leaving a figure standing in a dark room, developing photographs. When she was finished, she snapped on a light and it turned out to be none other than Edith Lockwood.

A blood curdling yell frightened me from this scene, and there was Nancy Harkcom trying to convince her youngest, Bratinella, that the green-eyed monster she had seen was a cat and not a little demon.

Weird colors started to appear showing someone's T. V. set on the blink, and no wonder, since it is Aleta Hershey, who has her own singing comedienne show, going through her act. The set is clearing and now showing is a successful parakeet raiser, Kathleen Rynier, who owns the famous bird "Dickey". The screen is growing darker and a beautiful rendition of "Ricochet Romance" is being heard from Carnegie Hall. A girl is seated at the piano. This modest girl is Diane Bair. Brighter lights are coming into view. A girl who looks vaguely familiar is receiving an academy award for something. The booming voice of the announcer comes through, complimenting Eileen Shirk on her fine acting in "Indian Reunion".

A more powerful glow is being given off, and a small town, Paradise, appears. On the right hand side of the street about the fourth building down is the "Wittle Weiner Corporation" with the inscription "Patsy Axe, President".

In this same town only two blocks down is a consolidated school. Here Peggy Mills is showing her senior girl gym class how to play tiddley-winks. Surveying this scene is Linda Hoffecker, kindergarten teacher, who has tied her little "darlings" and tossed them gently into the closet.

As I watch, the town grows, buildings change, and it is now Boston, Massachusetts, where I see a very common sight — Hulda Hershey coated with flour from recent baking in her large shop.

Even now the buildings are growing; the city increasing in size. Now it is New York City. The Waldorf Astoria's doors are open, showing two employees quarreling. It seems that Jeanne Foulk, head waitress, collected a tip which Janet Foulk, chief cook and bottle washer, thought she deserved.

There is a large white blank on which letters are beginning to form. The "Chicago Tribune" has on its front page an odd story of two people racing rockets to the moon. Jack Deacon is favored two to one over Doris Hershey.

In the right hand column about half way down the page is a story of an admiral in the navy who has been found on the Forgotten Islands. This man, Eugene Trout, was stranded here for seventeen years and wasn't so sure he wanted to leave!

A flipping of the page shows that the TMHC (Tall Man Hunter Club), presided over by Kitty Winters, has dispersed as all the members have "landed" their six-footers.

On this same page is an announcement by Shirley Rineer, teacher at Arthur Murray's, of a dance to be held at the "Outdoor Pavilion" the sixteenth of October. Here also is a feature article about an excellent charmer who learned her occupation while still in school. Tootsie Lefever charmed the fellows and now she charms snakes.

On the editorial page Phyllis Kurtz shows her ideas on world affairs in her well written editorial. The sports page pictures a catcher of renown for the Boston Braves, Dave Benner.

The paper grows brighter and in its place is a book, "The Happiest People on Earth", written by Esther Mellinger. This book earned the 1964 Nobel Literature Prize.

So bright is the light now that Joyce Charles, winner of the Mrs. America title for 1964 can hardly be seen, and still another person appears. Nurse, Jeanne Mummaw, loved by all for her cheerfulness, is surrounded by such a brilliant glow that I have to blink because the light is so hard on my eyes. The vision vanishes. The evening star alone is left to spread its friendly glow over anyone who will take heed.

CLASS SONG

Fare - well to Para-Dise High School Fare-well, fare-well to thee with col-ors gray and

CRIM-SON, Work on to vic-tor-y With knowl-edge of our school years we

take our stand to be while dear old P. H. S. stands out in our mem-ories

With pride and hope before us,
We journey on to meet
Success in every task we have,
And sometimes our defeat.
The class of '54 bears
The banners green and gold.
Of lessons for tomorrow
Both known and all foretold.

We leave with Paradise High School
The past both good and bad
The hopes of new achievements
That someday we will have.
We put our best foot forward,
And do the best we can
For our dear Alma Mater,
We'll hold to our life's end.
